## MYSTERY

**Of Man's Death, Thought to Have Been Lynched by Mob**

## DETECTIVES AT WORK ON THE CASE

**One of Them Being Employed By the State**

## SUICIDE IS ONE THEORY

**Assistant Adjutant-General E. S. Bryant On the Scene, Says He is Satisfied the County Officers Are Doing All in Their Power to Assist State in Investigation.**

(ASSOCIATED PRESS TELEGRAM)  
Bowling Green, O., Nov. 30.—Three detectives will be brought here today and put at work on the case of John H. Willey, whose body was found hanging from a tree on a farm near Gibsonburg Sunday. They will assist state and county officials in the effort to determine whether Willey was lynched by a mob or committed suicide. Two of the detectives have been employed by county officers and come here from a Cleveland agency. "The third will be brought from Columbus by state officers."

Col. E. S. Bryant, assistant adjutant general of Ohio, who is here investigating the affair at the instance of Gov. Willis, today expressed himself satisfied that the county officers are doing everything within their power to ascertain the facts in the case.

Col. Bryant left this forenoon in company with Sheriff Skibbe, prosecuting attorney Solesher and Attorney B. F. James, who was Willey's counsel, for an automobile trip over the scene of the hanging. The party stopped at Pemberville, where Willey was last seen alive Saturday afternoon. Bryant was told while there that a conference of certain citizens had been held there Saturday and that one man, said to have attended this conference, was now missing from his home. County officials ascertained that this man is not at home and are endeavoring to locate him and determine the reason for his absence. From Pemberville the party drove to Gibsonburg where Willey's body lies at the home of his father, Fred Willey. It will not be buried until after the inquest of Coroner Dan Spiller, which it is thought now, may not be held for several days. From Gibsonburg, the officials drove to Bradner, where the body was taken after it was cut down. Col. Bryant boarded a train at Bradner for Columbus at noon.

While county officials hold to their belief that Willey took his own life, Attorney James continues to assert that when the inquest is held he will present undeniable proof that a mob killed the man, who was under bond pending a second trial for the murder of his wife's grandmother, Mrs. Eva Kimble, 68, near Gibsonburg, last February.

**EXPORTS TO MEXICO GREATLY INCREASE.**  
(ASSOCIATED PRESS TELEGRAM)  
San Antonio, Texas, Nov. 30.—Exports to Mexico took a big jump during the week of Nov. 21 to 27, and consisted chiefly of food and machinery, according to figures made public today by border ports of entry.

## Counsel for Four Hamburg Officials Argue Vainly to Strike Out Some Testimony

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 30.—The jury in the trial of the Hamburg-American line officials on charges of conspiracy to defraud the United States was excused this morning to give counsel an opportunity to argue three motions by the defense. These were to dismiss the indictment, direct a verdict for the defense, or instruct the jury to disregard all testimony concerning the steamer Marina Quesada which, according to the defendants, was not connected with their operations in furnishing supplies to German warships at sea. If the court denies the motions to dismiss the indictment or order a verdict for the defense, counsel for the accused is ready to put on its witnesses, the government having concluded the presentation of the case yesterday.

None of the four defendants, Dr. Karl Bueh, George Koter, Joseph Poppinghaus and Adolf Hachmeister—was present when Howard Gans and Wm. Rand, Jr., of defendants' counsel, began their argument. Mr. Rand made a motion to strike from the record all testimony concerning the chartering and move-

Karl Schulze.

Karl Schulze is the first deserter from the German army to reach the United States. He arrived in New York as a stowaway aboard the Noorderdyk, and is being held on Ellis Island as an undesirable. He will probably be interned in Holland or handed over to the English. "If I could know that never again I should see Germany, then I would be very glad," says Schulze.

## 20 REPORTED KILLED TODAY IN EXPLOSION

(ASSOCIATED PRESS TELEGRAM)  
Wilmington, Del., Nov. 30.—Twenty are reported dead and many others injured by an explosion this afternoon in the Prunus mill of the Du Pont Powder company, at its Hagley yard on Brandywine creek, about three miles north of this city. The explosion is said to have been the worst that has occurred in a Du Pont plant in thirty years. It shook the city heavily and caused much alarm.

A few minutes after the explosion a cloud of dense smoke drifted over the city. It is said the twenty men reported killed are all young. The name of only one is known yet, David Baird.

Du Pont ambulances brought the injured to the hospitals here as rapidly as possible. Although the police information is that twenty are dead, the company denies that anybody was killed.

Later reports indicate that the effects of the explosion were terrible. At least twenty men were killed, it is now said, and probably more. Officials of the Du Pont Powder company started shortly after 2 o'clock for the scene of the disaster to make investigation.

At the powder yard, the greatest excitement and confusion prevailed. At the Homeopathic hospital the two patients are: Lewis Walker, terribly injured, and Edward Davis, broken jaw, broken arm, and several fractured ribs, condition serious. Around the powder yard tremendous excitement prevails, families of the workmen frantically endeavoring to get on the premises. The bodies of the victims were hurled in all directions from the destroyed mill, in many instances mangled beyond recognition.

One identified dead was Elmer Meal, a driver.

ments of the steamer Marina Quesada. This vessel sailed from Newport News, Va., December 16, 1914. She cleared for Pernambuco, but the government charges her intent was to succor German cruisers on the high seas. The defense stoutly denies this and asserts that it had nothing whatever to do with her. The vessel's name is missing from the list of twelve steamers which the Hamburg-American line admits it chartered.

Detailing the testimony covered by his motion, Mr. Rand included the telegram sent by Philip Volz, agent of the North German-Lloyd, to the vessel's captain, Hans Suhren, "care Nordmann, room 81, 11 Broadway, New York City."

This room was the New York headquarters of Captain K. Boy-Ed, German naval attaché who, the government charges, personally directed the expenditure of \$750,000 for relief of German cruisers in the Atlantic and Pacific.

Reference to this telegram yesterday evoked from the defense a demand that the government state (Continued on Page 12, Col. 4.)

## RUSH

**Of Orders for Christmas Goods Already Is Being Felt**

## OUTLOOK ONE OF THE BRIGHTEST

**In Many Years According to Reliable Reports**

## MORE MONEY TO SPEND

**Merchants In New York and Elsewhere Believe Too, That the People Will Spend It With the Result That They Are Preparing for a Big Holiday Business.**

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 30.—Merchants here say that Americans have more money to spend for Christmas shopping this year than in any holiday season since the Christmas of 1906. The big stores are preparing for a record trade during December and wholesale houses are unable to fill orders in many lines. This is attributed to a rush of buyers from other cities to replenish depleted stocks.

L. S. Pelz, secretary of the wholesale and retail merchants' association said today that the merchants of New York have never known better times. "People who did not have money to spend a year ago, have it now and have opened their purses," said Mr. Pelz. "The business which came to America because of the war has put dollars in the pockets of the average man but I do not believe this prosperity is dependent upon the war. If the war ended next month, there would still be prosperity here."

"The wholesale houses of New York have all the business they can attend to. Orders are pouring in from the west, where merchants have been buying very little in the last year and even up to a few months ago fearing to trust in the permanency of the new prosperity. The banks are begging business men to draw money. The country has money—that is the sole explanation of the prosperity."

## SOUTHERN STATES LOOKING FOR BIG HOLIDAY BUSINESS

Atlanta, Ga., Nov. 30.—Merchants in the larger population centers of the southeastern sections of the country are of the opinion that the December business will be larger than for several years. Retail stores in Atlanta have laid in larger stocks than usual at this season of the year and early Christmas trade is justifying these preparations, according to a statement today by Grover Maghee, secretary of the Atlanta Retail Merchants association.

"I do not know whether the people have more money than in previous years, but I do know that they seem to have more confidence and are spending it more freely," said Mr. Maghee. Tampa, Savannah and Charleston report healthy early Christmas trade and expect increases over recent years. Waycross, Ga., began celebrating prosperity week yesterday. The program includes a message of greeting from President Wilson.

## CONDITIONS IMPROVE IN NORTH CAROLINA.

(ASSOCIATED PRESS TELEGRAM)  
Raleigh, N. C., Nov. 30.—Business conditions throughout North Carolina are improving rapidly, according to merchants in touch with conditions in the state.

John A. Parks, president of the Raleigh Chamber of Commerce today made this statement: "As our crops are being harvested and the money for them coming in, we realize that a great wave of prosperity is sweeping over our section. The war situation has taught many things and the biggest lesson in the south has been the teaching of economy. I firmly believe that there is more ready money available this year for Christmas shopping than at any time in the last several years."

## PROSPERITY HITS JAPAN.

(ASSOCIATED PRESS TELEGRAM)  
Tokyo, Nov. 30.—War purchases by the allies have caused a wave of prosperity all over the country which has been reflected in the market and standard stocks have leaped upward. At today's opening of the stock exchange, there was a hysterical advance over yesterday's close.

## POLICE COMPLETE A NEW CENSUS OF NEW YORK CITY

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 30.—A police census of the city, just completed, shows that the greater city has 5,253,888 inhabitants in its five boroughs. The state census completed last July, gave the total population as 5,009,112 but some dissatisfaction was felt with this count and at the instance of the health department the police were employed to compile a new census.

## A Glorious Close to the Campaign for Funds for Local Y. W. C. A., Amount Being Slightly Over the Mark Set

Monday night the work of the campaign for funds for the Y. W. C. A. was completed, and at the final report, the amount secured was announced to be \$9,383.16. With the announcement the greatest enthusiasm was manifested for the aim of the association was for \$9,000.

No report was made of the work on Monday at noon, but at 6 o'clock last evening the captains of the teams and the workers assembled in the Association dining room, where dinner was served. Following this the final reports were handed in and were most enthusiastically received. Many interesting talks and suggestions were made, and many compliments on the work completed were exchanged. The largest contribution received was \$600 while the smallest was 25 cents. The excuses offered by those who did not care to subscribe were many and often amusing while many contributed without being solicited.

Money continued to come into the association today and undoubtedly the amount will total \$9,500. The soliciting has been done by seven teams with about fifty people in the canvass and the cause has been a most worthy one. The money secured will be used for the general maintenance of the association, and for the carrying on of new work. Especial emphasis will be laid this year on work for the young girls, and the gymnasium and industrial work will be extended.

When the Y. W. C. A. was established here three years ago, Rev. Mr. Lyon, an evangelist who had con-

ducted a series of meetings here gave \$100 to a building fund, this being the first contribution for that purpose. This money has been placed on interest, and yesterday a letter was received from Pataskala giving \$100 more to a building fund. This announcement aroused the interest of those assembled at the dinner and six of those in attendance immediately pledged themselves to give \$200 each to a building fund, making a prospective nucleus for a building fund of \$1400.

With the sum of over \$9000 assured the Y. W. C. A. starts on a year's work that will be bigger and better, and will be a continuation of the many excellent things accomplished by it during the years of its establishment in the city. It fills a want that has been met in no other way, and which means much to every girl in the city, as well as the stranger.

The following is the list of contributors up to today: Miss Haughey, H. Henington, J. B. Hershberger, Miss Grace Haughey, Ida German, Mrs. W. C. Gardner, Mrs. Jacob R. Fundaberg, Mrs. Hattie Fulton, Mrs. Lewis Evans, Mr. and Mrs. T. J. Evans, Leo T. Davis, Ralph I. Davis, Mrs. J. C. Avers, Nellie E. Armstrong, Bessie Hinkinson, Hattie Hagstrand, Mrs. M. E. ## MINE RESCUE CAR ORDERED PREPARED.

(ASSOCIATED PRESS TELEGRAM)  
Pittsburgh, Nov. 30.—Records in the Pittsburgh station of the bureau of mines show that the Boomer coal operation consists of a group of four mines employing some 800 men and producing 800,000 tons of coal annually. The mine rescue car at Cranecrow, W. Va., number 8, was ordered held in readiness to proceed to Boomer without delay, if it was needed.

## EARL KITCHENER BACK IN LONDON

(ASSOCIATED PRESS TELEGRAM)  
London, Nov. 30.—Field Marshal Earl Kitchener, the secretary for war, returned to London today from his trip to the Near East.

Earl Kitchener will meet his colleagues in the war council of the cabinet on Thursday. At that time he will convey to them the results of his observations on the various battle fronts and his conferences at the capitals of the countries he visited.

## CABINET WAS ENTHUSIASTIC OVER MESSAGE

Washington, Nov. 30.—President Wilson's address to congress went to the public printer today. The president put in the whole day in working on the document, finally completing it last night.

The message which is comparatively brief, will be read by the president at a joint session of the two houses of congress a week from today. It deals primarily with national preparedness.

The address was read to the cabinet today before it was sent to the printer. Cabinet members were enthusiastic over it, particularly the portion which deals with the appeal for united action for national defense.

**Kitchener Had Differences With French Minister When Both of Them Met in Athens**

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Nov. 30.—(By Wireless)—Differences of opinion arose between Field Marshal Earl Kitchener, the British secretary for war, and Denys Cochin, French minister without portfolio, when they met in Athens recently, the Overseas News Agency says. A press despatch from Athens by way of Buda Pest, given out by the news agency, asserts Earl Kitchener desired Greece to enter the war with the allies, whereas M. Cochin merely asked safe passage for French and British troops which might retreat from Macedonia to Greek territory. "This explains why Premier Skouloudis has dwelt upon the sympathy which Greece feels for France," the news agency continues.

Earl Kitchener, considering that the game was lost, went to Italy to request assistance for the British in Egypt which now seems to be the only country which has not been overtaken by the German advance.

## MONASTIR

**Will Be Occupied by Forces of Bulgarians Within a Few Hours**

## ALL CIVIL POPULATION ESCAPED

**Serbian Troops Then Retreated In Good Order**

## BITTER WINTER WEATHER

**Retarded Central Powers In Their Proposed Enterprise Against Franco-British Troops Or the Rapidly Developing Russian Menace Caused Them to Abandon It for Present**

(ASSOCIATED PRESS TELEGRAM)  
London, Nov. 30.—Monastir, in southern Siberia, has been evacuated. Serbian troops, having accomplished their purpose of delaying the enemy's advance until the civil population of the town had time to escape, have now left the city and according to reports are retreating in good order. Bulgarian occupation of the town is apparently a matter of only a few hours.

Though the Austro-German and Bulgarian campaign against Serbia is described by the central powers as finished, and though practically the whole of Serbia is in their possession, they have not accomplished, according to the general belief here, the more important aim of entirely crushing the Serbian army. Though defeated and worn out in the conflict against overwhelming odds, the Serbian forces are said to be still unbroken and undemoralized, and are reported to be reorganizing their shattered units on the Albanian and Montenegrin frontiers, preparatory to fresh action.

Either bitter winter weather has retarded the central powers in their proposed new enterprise against the Franco-British troops in the Strumitsa region or the rapidly developing Russian menace from the direction of Rumania has caused them to abandon it. In any event their campaign has recently come to a standstill.

Other fronts during the last 48 hours have shown generally revived activity. Sir John French, commander-in-chief of the British forces in France and Belgium, reports successful British air attacks on German positions along the Belgian coast and on other parts of the German western front, involving destruction of a German submarine off the Belgian coast and raids on an aerodrome and an ammunition factory behind the German lines. French troops fighting in the Souchez district, succeeded in driving the Germans from a crater made by a successful mine explosion recorded in the German communication of Saturday.

The varying fortunes which have attended General Townsend's Mesopotamian expedition have not yet been recorded here in sufficient detail to make the situation entirely clear. From the latest official statement it does not appear that there has been any further fighting since the British advance upon the battlefield of Ctesiphon but the British troops have again fallen back to the Tigris, having been outnumbered by the Turks, and are now occupying more easily defended positions in the rear of their former line.

On the North Poland front, after crushing German attacks, the Russians have succeeded in making local gains in the neighborhood of Iloukust, occupying an eastern suburb of the town and advancing to the German trenches south of this point.

## TRY THIS MAN'S ADVICE TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praise of Dr. Kilmer's Swamp-Root. For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

WALTER SHIVER.

(ASSOCIATED PRESS TELEGRAM)

Providence, R. I., Nov. 30.—Gov. R. Livingston Beaman announced today that he had declined Henry Ford's invitation to accompany a proposed peace commission to Europe.

## Turkish School Children.

Turkish school children recite their lessons all together in the old-fashioned schools, and if you could hear them, you would think that you had gone into Wonderland with Alice where "things wouldn't come straight." The little girls go to school in groups, and with them is always an old servant who carries all their books on what looks for all the world like a small clothe-tree. The boys go and come in two long lines attended by their teacher. They carry their own books and wear long trousers and fezzes exactly like their fathers. Some of the tiny girls carry their own little tablets and drawing boards. In the gipsy village in Scutari the children learn their lessons by songs in the street. They stand in a circle with a big girl in the middle, and they get noisier and noisier the more interested they grow.

## The Time Approaches

For the mailing of the checks to the members of our Christmas Money Club.

On December 15th these checks will go out to over four thousand three hundred people.

If you are not one of the fortunate ones it is time for you to resolve that when our club for 1916 is opened on December 20th, you will join it.

We know of nothing that makes Christmas so delightful an anticipation as the knowledge that one will receive a check for enough to remember one's friends and relatives and that the bugbear of Christmas bills is laid away forever.

We shall distribute over a hundred thousand dollars this year.

Can you picture the happiness this immense sum will bring to thousands of people?

## CONCERTED

EFFORTS OF ALL EASTERN  
RAILROADS TO RELIEVE  
FREIGHT CONGESTION

Were Planned Today at a Meeting  
of President of all Trunk Lines  
Affected.

(ASSOCIATED PRESS TELEGRAM)

New York, Nov. 30.—Concerted efforts of all the Eastern railroads to relieve the freight congestion along the Atlantic seaboard were planned today at a meeting of the presidents of the trunk lines held in office of President of the Pennsylvania railroad.

At the close of the conference it was announced that a committee had been appointed including representatives of all the roads interested to consider ways and means to meet the present situation which it is admitted is extremely serious.

The committee will commence its sessions tomorrow in the offices of the trunk line association of which C. Currier McCain is chairman.

Mr. McCain said that while extraordinary conditions might arise, it was not likely any of the roads would take individual action in the shape of embargoes or otherwise until the committee had an opportunity to formulate plans.

As a preliminary step of relief Mr. McCain went to Washington yesterday to file with the interstate commerce commission an application to reduce the limit of thirty days necessary before the issuance of demurrage charges on goods in cars. Up to the present goods shipped to Eastern ports for export could remain indefinitely in cars without any demurrage charge. In order to spur shippers to the necessity of arranging shipment within a reasonable time from the arrival of their goods at the seaboard it is now proposed to impose storage rates on goods in cars.

## DAUGHTER OF ASQUITH WAS WEDDED TODAY.

London, Nov. 30.—Violet Asquith, daughter of the British prime minister, and Maurice Bonham Carter, the premier's secretary, were married today at St. Margaret's, Westminster. A distinguished assemblage was present at the ceremony.

Despite the desire to keep the marriage quiet on account of the war, great crowds gathered in front of the church, and gave the bride an ovation.

## CASUALTIES OF BRITISH ARMIES REPORTED TODAY

(ASSOCIATED PRESS TELEGRAM)

London, Nov. 30.—British casualty lists published during November total 1,232 officers, 45,184 non-commissioned officers and men in all fields of war bringing the total since the beginning of hostilities up to approximately 800,000.

Heavy as were the losses in killed, wounded and missing for the present month, they were much higher in October, when the names of 3,110 officers and 71,180 non-commissioned officers and men were included in the lists.

A statement issued in London, October 29, gave the British casualties from the beginning of the war to October 9, as 493,294. The total among officers in that period was 21,293 and among other ranks 472,001.

## An Economical Wife.

"A friend of mine," says a clever needlewoman, "had occasion to open my shirtwaist box the other day. She came to me, saying, 'My, but you are extravagant! You have eleven pretty silk waists in that one box. How did you happen to buy so much wash silk?' My answer surprised her. My husband works in a bank and must wear clean linen. He is partial to silk shirts, but as soon as there is the least break near the collar they are thrown away."

"Shortly afterward I appear in a new silk waist, for the rest of the shirt is perfectly good. He is a large man, and there is not the least trouble in getting the waist from the shirt. Sometimes I vary them by putting on a plain collar and cuffs."

"You will find that when using this idea you do not mind at all how many new shirts the man of the house chooses to buy. You will even suggest at times that a certain shirt in the window would look well on him—and, incidentally, on you."—Pittsburgh Dispatch.

## Dog Hero of Austerlitz.

In the annals of the French army Mustache is still a celebrity. Mustache was one of the dogs used in the Italian campaign when Napoleon was first consul. He saved the French army from a night surprise and annihilation. Later he tracked and captured a spy who had secured valuable information.

But this dog's crowning achievement was at the battle of Austerlitz. The standard bearer of the regiment had just fallen dead. Mustache's teeth and an Austrian soldier's hand grasped the tattered banner simultaneously. Mustache flew at his enemy's throat and bore him down. Then, seizing the flag, he carried it back to the regiment.

Napoleon gave Mustache the highest decoration for his valor. He met a soldier's death not long after this, racing forward beside the flag, leading the regiment in a furious charge.—New York Sun.

## Curious Street Names.

The list of curious street names is inexhaustible. Bermondsey possesses a Pickle Herring street. Near Gray's Inn there is to be found a Cold Bath square. Most of the Nightingale lanes and Love lanes are hidden ironically enough in the slums of the east end.

But for really bizarre street names one should go to Brussels. The Short Street of the Long Chariot, the Street of the Red Haired Woman and the Street of Sorrows are remarkable enough to catch the least observant eye. The Street of the One Person is, as one might guess, considerably narrower than Whitehall. But the cream of Brussels street names surely belongs to the Street of the Uncracked Silver Coconut. This in the original appears as one ponderous thirty-six letter word.—London Chronicle.

## An Artist's Struggles.

Professor von Herkomer, the famous painter, had such a struggle to gain a living in his early days that had it not been for his inexhaustible stock of patience and self confidence he would probably have abandoned art entirely. He sold his first picture for 2 guineas and later on earned for a short time a couple of pounds weekly for a woodcut which he supplied to a comic paper. This modest salary coming to a stop, he was at his wits' end to know what to do. He applied to a troupe of minstrels for an engagement as zither player, but in vain, and then took to designing carpets. For some years he battled with poverty, achieving no success until he obtained employment on a weekly illustrated journal.—London Globe.

"The love of money is the root of all evil," quoted the Wise Guy. "Yes, but that is no reason why we should welcome the wolf at the door," added the Simple Mug.

## REHEARING

DENIED RAILROADS, PROHIBITED  
FROM INTEREST IN  
GREAT LAKE BOATS.

Commission's Order Requiring  
Cancellation of These Interests  
Effective December 15.

(ASSOCIATED PRESS TELEGRAM)

Washington, Nov. 30.—Applications for a rehearing of the case involving the right of trunk line railroads to continue their interest in and operation of the steamers on the Great Lakes, despite the prohibition in the Panama canal act were denied today by the interstate commerce commission. The applications were made by shippers' attorneys as the railroads declined to ask rehearing. The commission's order requiring the railroads to give up their steamers is effective December 15. Some officials here believe the railroads will apply to the courts for an injunction to restrain the commission from enforcing the order, until it can be settled on its merits. This is believed to be the reason for the failure of the railroads to ask for a reopening of the case. The railroads involved include the Pennsylvania, New York Central, Rutland, Erie, Grand Trunk, Lehigh Valley and the Lackawanna. The Lehigh Valley was granted rehearing on the contention that its rail lines ended at the Great Lakes, and there could be no competition between its steamers and its rail lines.

## For Peace at Ford's Expense

(Pittsburgh Gazette Times)

Gold-showered at the White House, as it ought to have been, laughed at in London, as might have been expected, and ridiculed in Berlin, as it is sure to be. Henry Ford's cruise for peace has already proceeded from the sublime to the ridiculous. A number of individuals have consented to go, some of them being conspicuous for their fondness for an excursion at somebody else's expense. We are still assured that the prime movers, two of whom are from across the water and were better employed in the relief of war victims at home, are in possession of mysterious and positive information that the belligerents are ready to quit if only a strictly neutral invitation is extended to them to cease firing.

The serene confidence of these distinguished sodium phosphates is wonderful to behold. One dose of them will settle anything that's the

matter with the world, in a manner of speaking. They are so sparkling in their efforescence that who can doubt their efficacy? There is Richard Bartholdt. What he hasn't said about perfidious Albion isn't worth while. Great Britain will be delighted to have him arrange peace. There is Jane Addams, who a fortnight ago catalogued Kaiser Wilhelm as a defective. Germany will just naturally and efficiently fall over itself in accepting her advice to go away back and sit down! There is Gov. McCreary of Kentucky, retiring after a four-year term as executive of his state and in need of a rest. For him Oscar II. will wait patiently a few days beyond the schedule time. All Europe must at once be impressed with the certainty that he's after the peace of the world and not his tourist's share of a piece of Henry Ford's money. Not a single governor in harness has yet "fallen" for the scheme, though one or two may be convinced that the driver will get them back before their people have time to become peevish over their absence. Various professors who have made a study of everything but international problems will go along, of course—for what an opportunity is here afforded to acquire color for the colorless homilies of ordinary routine! Oh, it is the grand comedy to offset the grand tragedy!

Meanwhile, on both sides of the Atlantic, there is a feeling that infinite harm may be done by this visionary enterprise instead of infinite good. President Wilson protests that he is not unmindful of actual conditions abroad and that he is overlooking no available opportunity to be of service in the promotion of peace. Is not his word, on such a grave subject, entitled to respect? Is it either right or judicious that an irresponsible and unauthorized—if not unrepresentative—group of Americans should presume on such an adventure at the risk of exposing the United States to rebuff and discredit?

Possibly before the fated December 8 shall have arrived the question of passports and clearance papers will be raised in a fashion calculated to put an end to the project. In Mexico there grows a tree called the "tree of little hands." It is thus called owing to the fact that its five peculiar curved branches look like the fingers of a child.

## VARNER

FOUND GUILTY IN CASE HEARD BEFORE JUDGE JEWELL IN COMMON PLEAS COURT.

Will be Sentenced Thursday—Items of Interest Found in the Various County Offices.

The case of the state of Ohio on relation of Laura Mae Bishop, vs. Joseph Varner, a paternity case, was tried before Judge H. W. Jewell in common pleas court and the court found the defendant to be the father of complainant's child. The defendant was ordered to report on Thursday of this week for sentence. A motion for a new trial has been filed by the defendant's counsel.

For trial to the court and a jury Wednesday: Albert Clapham vs. County Commissioners.

### Here For Prisoner.

Deputy Sheriff McCarthy of Calhoun county, Mich., was in the city today as the guest of Sheriff Chas. H. Swank, and returned to his home, the county with Fred Smith, arrested at Utica on a non-support charge.

### Marriage Mart Brisk.

There were just twenty-five marriage licenses issued Thanksgiving week. One was issued Monday, five Tuesday, ten Wednesday, three Thursday, five Friday and one Saturday.

### Granted Ditch.

County Commissioners Jos. H. Orr, Frank R. Dumm and Orville Kiger were in session today and granted the Fitzwater ditch in Jersey township, ordering its sale March 1. The ditch will be of tile and extends for a mile and a half.

## "IS THERE A HELL?" TO BE DISCUSSED TONIGHT'S MEETING

"Is There a Hell?" is the subject to be discussed by Evangelist Roy L. Brown at the Central Church of Christ revival meeting tonight. This will be a discussion from the Bible standpoint. It will touch on some of the present day fads in religion, and promises to be one of the evangelists characteristic sermons.

There was a splendid audience present to the services last night, and everyone seemed to be delighted with the whole service. The full chorus was present, and the song service under direction of Song Evangelist Leigh, assisted by R. Leighton Brown, consisted, was inspiring. The solo by Prof. Leigh was especially fine.

The evangelist spoke of the promise that Jesus made just before he left this earth that He would be with us "even to the end of the world," as that which would be worth everything to the person when we come to die. Evangelist Brown promises some of the best sermons that he has for this week and over the coming Sunday.

There is a widespread interest in these meetings. People are coming for miles about the city, and every night or so there are out of town visitors. D. E. Snyder, now a minister at Danville, O., a former singer for Evangelist Brown, was a welcome visitor in the audience last night.

The children's chorus will meet again for rehearsal this afternoon at 4 o'clock. They will give another public drill on Friday night of this week. The people will remember their splendid work of last week. There are a mighty nice lot of little singers. The adult chorus is doing splendid work, and are being commended for their regularity of attendance. Their special numbers are always appreciated.

From the interest manifest it is thought that this week will be one of the very best. The services begin each night at 7:30 o'clock and the meetings do not hold late, so everyone can come.

## SEVENTEEN TO START IN NEXT SIX-DAY RACE

New York, Nov. 30.—Seventeen teams have been drawn for the annual six-day bicycle races which starts in Madison Square Garden next Sunday at midnight. Alfred Grenda, who was last year's race in the garden, has as his partner, Fred Hill, a member of the winning team in the Boston race. Percy Lawrence of San Francisco is paired with Jacob Magin of Newark. N. J. Willie Hanley and Al Halstead of San Francisco compose one team. Raymond Eaton and Edward Madden of Newark, Timothy Sullivan of Ireland, and Leon Vanderslyt are among the new entrants. Four more teams are to be selected.

**Stomach Troubles Quickly Cured.**  
People go on suffering from little stomach troubles for years, and imagine the have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tono-line Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tono-line tabs sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

**Tono-line Tablets.**  
not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal. \$1 for a 15 days' treatment. For Sale by Hall's Drug Store.

## COMMANDER OF BRITISH FORCES MEETS ASQUITH

London, Nov. 30.—Field Marshal Sir John French, commander of the British forces on the western front, was in London yesterday, and conferred with Premier Asquith.

So far as the public knows, Field Marshal French has not been in London before since he paid a secret visit to the British capital late in January. He conferred with the British and French war ministers at Calais on July 6.

## ARREST OF PRETENDER TO SPANISH THRONE, THIS TIME IN AUSTRIA.

According to Report He Will Be Held in Restraint Until End of War.

Paris, Nov. 30.—The Journal says Don Jaime of Bourbon, pretender to the Spanish throne, has again been arrested in Austria. According to this account Don Jaime, who has been living in Italy, requested permission of Emperor Francis Joseph to visit his estate at Frohsdorf, Austria. It is said he was informed he might travel freely anywhere in Austria, but that the day after his arrival at Frohsdorf he was placed under arrest to be held in restraint until the end of the war. He has been informed, the Journal adds, that any officer who visits him will be dismissed immediately from the army. Don Jaime was arrested at Frohsdorf last year for addressing to his partisans an appeal to side with France in the war. He was released on condition that he leave the country.

## EMBARGO

PLACED BY THE BALTIMORE & OHIO RAILROAD UPON STEEL PRODUCTS

For Export Through New York Terminals Will Not Cripple the Pittsburgh District.

(Associated Press Telegram)  
Pittsburgh, Nov. 30.—Announcement by the Baltimore & Ohio railroad yesterday of an embargo on steel products for exports passing through the New York terminal will not seriously affect this district only about 25 cars a day being shipped to that point, while some eighty cars make up the steel trains for Philadelphia and Baltimore. Much of this freight, railroad officials said, was for foreign ports other than those in Europe.

## BIG 4 OPERATORS MEET MANAGER TO MAKE SETTLEMENT

(Associated Press Telegram)  
Cincinnati, O., Nov. 30.—H. A. Worcester, general manager of the big four railroad and a committee representing the 809 telegraphers employed by the road, met today to make another attempt to reach a settlement of the telegraphers' wage controversy. A dispatch from Chicago says that officials of the Order of Railroad Telegraphers announce that there will be a strike unless the demands of the union for a 15 per cent increase in wages are granted. The committee that has been conferring with Mr. Worcester agreed at the beginning of the meetings some weeks ago to refer the question of mediation under the federal statute and Mr. Worcester said the railroad would also do that.

Mr. Worcester announced some time ago that the Big Four was willing to grant its employees an advance of \$20,000, but the telegraphers' committee said that was not satisfactory. Later the amount was fixed by Mr. Worcester at \$25,000, but the telegraphers' demand was for a greater amount.

## SEPARATE

PEACE BETWEEN ITALY AND AUSTRIA MAY HAVE BEEN KAISER'S OBJECT.

That is the Construction Placed Upon Emperor's Visit to Vienna By English Newspapers.

(Associated Press Telegram)  
London, Nov. 30.—The Pall Mall Gazette, associating Emperor William's visit to Vienna with reports that Germany is willing to enter upon peace negotiations, ventures the opinion that as already suggested the emperor's trip, to the Austrian capital may represent a fresh attempt to bring about conclusion of a separate peace between Austria and Italy.

It says: "Some features of Italy's attitude may lend encouragement to such an enterprise. The government at Rome for reasons never disclosed has refrained from declaring war on Germany and has shown no particular eagerness to co-operate with the allies in restoring the situation in the Balkans."

## BASEBALL TALK

### INTERESTS BOYS IN ZANESVILLE

Zanesville, Nov. 30.—The talk of a baseball circuit composed entirely of Ohio towns is being revived and the prospect seems bright for the consummation of the plan. As proposed the circuit would include Akron, Canton, Mansfield, Zanesville, Springfield and Youngstown. If the latter city is dropped by the Central.

Such a circuit would have the advantage of eliminating long and expensive railway jumps and it is believed that it would prove a financial success for the promoters. This city has been without organized baseball long enough to be anxious to get back in the game and it is almost certain that if the Ohio league project fails some other plan will be evolved which will give Zanesville a baseball team next year.

ESTABLISHED IN 1920

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

This scarcity of blue ones will annoy the men who are not quite satisfied until they have blue shirts to go with their pink neckties.

The news of the routine that one man makes in war stocks seems to travel further than the news of a score of fortunes that are lost.

Some men's ideas of preparing themselves to drive an automobile safely back to town is to line up at a roadhouse for a string of highballs.

With the price of such necessities as gasoline and tires rising, it is expected that the luxuries like church pews and hospital contributions will fall off.

Many patriotic communities are joining the Preparedness movement by asking the government to make their little creeks navigable for motor boats.

These pictures you see of the women's full and flaring skirts are not borrowed from Godey's Lady's Book of the year 1855, but are merely the 1916 fashions.

There is general reluctance to buying Christmas presents as early as this, as they are not provided with the finger marks they get after being pawed over.

The Prohibition movement makes slow progress with the great number of men who use alcohol to warm up in the morning, and to cool off at night after the day in the heated office.

It must be a source of solid comfort to some men after being ordered around by their wives for a life time to know that they are going soon to be installed as Grand High Supreme Potentate of some order or other.

The Costs of School Life.

A friend who attended one of the High School dances in a neighboring city, was a good deal scandalized by what seemed to him the extravagant dressing of the girls. He came home telling how nearly all these young women wore silk gowns. It looked to him as if a working man must pay many extravagant costs to put a girl through a High School, unless she was to be made socially uncomfortable.

Several women who heard these observations, remarked that the costs of school life were not quite in the direction that he seemed to think. A silk dress used to be considered a sign of luxury. Nowadays silks are made up simply and inexpensively. If used only as party dresses, they don't have to stand much wear, and may last for some years. It was the guess of these women that few of the dresses this man saw cost over \$10.00.

It is of course a tax on a mechanic to provide his daughters with \$10.00 dresses for school parties.

(Christian Science Monitor.)

The attitude taken by the United Kingdom Alliance, at their recent meeting at Manchester, in regard to prohibition, is full of interest at the present moment. The principal speaker was Lief Jones, M. P., who delivered an address in the course of which he severely criticized schemes for the nationalization of the trade in alcoholic liquors. Nationalization, he very justly insisted, would not eliminate the personal financial interests in the liquor trade or take the trade out of politics, as some people claimed it would. On the contrary it would, of course, put the whole nation into the place of a comparatively small number of shareholders in the existing private companies. That it would, moreover, do much more than this is equally certain. It would, amongst other things, make everybody employed in the trade a civil servant, and would inevitably introduce into politics controversies about wages and the conditions of labor in the trade and the amount and the price of the liquor sold in the national public houses.

It is hard to see how any one who is in any way familiar with the history of the government liquor monopoly in Russia, could for a moment urge its adoption as a forward policy. Since the drastic measures taken by the Russian government some twelve months ago, in regard to the sale of vodka, the results of its former widespread consumption are being made increasingly plain in the steady improvement in the economic condition of the people due to prohibition becomes more apparent. That the enormous increase in the consumption of alcohol, which at the time of its total prohibition was approaching a national menace, was due in a large measure to the government monopoly, was admitted by Count Witte himself, who, during the discussion in the subject in the Council of the Empire, in January, 1914, urged that the serious mistakes perpetrated by himself in establishing a government monopoly of vodka should be rectified. When, therefore, it is claimed, as it is seriously claimed in certain quarters, that one of the advantages of the nationalization of the liquor traffic would be that it would place the government in possession of a valuable monopoly, it would be well that the advocates of this policy should be reminded of the practical demonstration Russia has recently afforded of its essential wrongness.

The United Kingdom Alliance was of course, mainly concerned with the advocacy of total prohibition, and, as is always something more than possible, the various speakers made out an excellent case. There was, however, in view of the attention given to the question of nationalization, a special significance in the resolution that was passed, congratulating Russia upon the moral, social and economic benefits which had resulted from the cessation of the use of vodka and other intoxicants. The case of Russia, we should imagine, was, at once, the strongest evidence against nationalization, and the strongest proof that could be presented of the value of total prohibition.

Honesty Is Advertised.

(Chicago Herald.)

Frequently one hears the criticism that newspapers print too much of the bad things that are happening and too little of the good. The reason, of course, is sufficiently obvious. The decent is the common thing in life and the reverse is the exceptional occurrence and there is an element of the exceptional in news.

However, sometimes honesty does get its advertisement and that without any suspicious effort to achieve it. There's that recent news item telling about how a number of Chicago's idle unknowns who were the beneficiaries of public aid lived up to their obligations. They promised that if given shelter and food at a municipal lodging-house they would come back next day and pay for it in work in the municipal yardward. Only two men out of twenty-nine failed to keep their word.

For those who feel a tendency to grow cynical about human nature and the self-respect of the man who is apparently down and out this little story should furnish excellent reading. It will remind them that in the vast majority of human beings there is honesty and decency that need but the proper evocation to manifest themselves.

Hysteria-Proof.

(New York World.)

Many months ago President Wilson tendered the friendly offices of the United States to the belligerent powers as a first step toward the establishment of peace.

The president's offer was courteously declined by every government to which it was addressed, but it was not withdrawn. It still stands, and whenever any of the warring nations wishes to avail itself of the president's tender, the United States will be ready to act.

More than that the president cannot do, and in this matter the president is the government of the United States. Where he fails in such a mission no private undertaking can well succeed.

It is safe to say that no other man in the world understands the present diplomatic situation as well as the president. Most of the diplomacy of Europe is now carried on by means of American ambassadors whose facilities for obtaining information cannot be surpassed. Apart from all other agencies they may be trusted to communicate to the government at Washington the first vague sign that any of the belligerents is willing to discuss terms of peace in good faith.

Mr. Wilson knows what is possible and what is not possible. He has wisely refused to nag the governments that are at war, or to propose to them terms which they know

they must reject. The responsibility for ending the conflict does not rest upon neutrals. It rests upon the nations at war, and until they are ready for peace the United States can only mark time. We should fail only if we failed to do our duty by civilization when the demand came for our services.

In the meantime we respectfully suggest to Mr. Ford, to Miss Addams and to various other well-meaning Americans that they permit the president of the United States to conduct the foreign affairs of the United States. We are aware that a great many self-initiated patriots think they could do it better than Mr. Wilson does it, but they are very likely to be mistaken.

The World has no objections to private citizens making fools of themselves in an impossible effort to establish an inopportune peace. It is a harmless sort of foolishness, and every country at war has so many fools of its own that it ought to take a sympathetic interest in ours. We should be much concerned only if the president joined any of these nomadic bands and undertook to make a fool of the United States government. Or that there is not the shadow of a possibility. Mr. Wilson is fortunately hysteria-proof in respect to peace as well as in respect to war, a circumstance for which every sane American ought to be profoundly grateful.

Ford, the Peacemaker.

(New York Sun.)

It would be wicked to throw cold water upon any serious plan, however visionary. "To get those boys out of the trenches by Christmas Day," but Henry Ford cannot be taken seriously; not since he proposed to supply the American navy with runabout submarines and end war on the sea by releasing dreadnaughts to the scrap heap. There were actually people who accepted Mr. Ford as a daring innovator in submarine construction who would achieve his disinterested purpose and bring the boon of perpetual peace to suffering humanity. It is extraordinary how many people of that kind, female and male, there are in the country today.

It seems like an insult to the subordination intelligence—at perhaps it is not so nowadays—to point out that any shipload of credulous pacifists which Mr. Ford launched upon the deep for missionary work in Europe would not be welcome in the apartments of Minister, although a courteous reception might be given them for polite reasons. Great wars are not brought to a conclusion by the intervention of private citizens availing under neutral flags. Proposals must be official and borne by accredited agents of a friendly Government.

Is it Mr. Ford's purpose to employ the invited guests on his steamship to arrange another Peace of Portsmouth? Christmas is very near. The time is short to convert the cabinets of the belligerents and win over General Joffre and Field Marshal Kitchener, Hindenburg and Mackensen, General Cadorna and Emperor, the Czars, Kings and Kaisers, who were never more determined, it seems, to fight the war out to the bitter end. Failure is not in Mr. Ford's lexicon, however. He is an adept at self-advertising.

Spirit of the Press

Maybe Something Else.

Mary Pickford says she grew up with such an abhorrence of debt that she learned to get along with very few clothes. Maybe it was abhorrence of debt that fixed the customs of Mary Garden and Gaby Deslys.—Houston Post.

Awful Alternative.

There are not to be so many toy soldiers this year, in Europe the little metal images, the joy of childhood are to be melted down into bullets, the tiny figures, long and emblem of Yuletide, and happiness, and love, are to be prosecuted. Instead of bringing joy to the hearts of children, they are to carry death to the hearts of men.—St. Paul Pioneer Press.

Public Shipyard's Fail.

Private ship-building yards must continue to be the main reliance of the government—at least for a considerable number of years until the naval construction program shall be reduced. The maintenance of these yards is one item of national preparedness, the importance of which, in the supply world has been emphasized in the European war. There is no question that a battleship can be at the Navy Yard. The additional equipment needed is comparatively small. The market for labor is the best, and the award of this contract ought to be the beginning of a continuing enterprise. For the next 20 years, the navy ought to have a sufficient construction program backed by ample appropriations to keep every government and every private yard busy.—Philadelphia Bulletin.

### In Milady's Boudoir

By Gwyn Sears

It has been said that the smile of the American girl is altogether too golden. This means that filled teeth are too often revealed by the American smile. While this is less to be regretted than unfilled teeth that should be filled, or teeth lost altogether, it is a calamity that could be averted by greater care of the teeth that show in our smiles.

A noted actor when asked what he considered a chief physical qualification for a girl who wished to enter the charmed circle behind the footlights, said: "Sound teeth without gold filling." In other words, the golden smile is not half so pretty as the simple pearly one. One of the most prominent dentists in America, who, because he is a big dentist and not a little one, wants everyone to know how not to need him, has issued a few "Don'ts" which are worth consideration by every woman who cares for the beauty of her smile.

Don't bite off the thread, is one of his injunctions that may seem like going to extremes; yet even biting a thread may injure the enamel on the edge of the teeth, and start the insidious decay. Needless to say, biting any hard substance, such as nut shells, is firmly forbidden.

Do not hold pencils or penholders in the teeth for the same reason. Also don't bite your nails. This is not on account of the nails but pride should dictate over a better fate for the nails. It is on account of the influence on the teeth, for not only the action of the nail surface, but the snapping together of the teeth as they come together through the nail is sufficient to begin or aggravate the harm.

Prof. A. B. Long, teacher in the Central building and living in North Sixth street, had his right hand seriously injured on Monday.

He caught it on a saw, four of the fingers being badly lacerated and two of them were cut to the bone. Dr. W. H. Lewis dressed the injury.

"Salvation is free!" (exclaimed the evangelist. "Yes, that's the trouble," replied the astute business man. "If it were only marked down to 98 cents from a dollar it would probably be more popular."

### How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and You Save \$2. Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty in relieving distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough, relieves even whooping cough quickly. Splendid too for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you at a cost of only 54 cents—a full pint of better cough syrup than you could buy for \$2.50. Takes but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse, tight coughs, and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in gumol, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2½ ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., 254 Wayne St., Newark, N. J.

### Every Day Etiquette

"Will you please tell me the duties of a chaperon at a young people's party?" asked Mrs. Newlywed.

"It is her duty to be cheerful, amiable and maintain proper dignity among those present, and should see that the young girls do not commit any breaches of etiquette while there. She should also see that they all get home safely with reliable escorts," answered her mother.

## PURITY

The ingredients of the food you eat and give your children should be pure and healthful beyond any question.

Various food officials and pure food experts have frequently endorsed Royal Baking Powder as being superior to all other similar preparations, and many of the great chemists of the world, including most of those of official position, have given like testimony.

No other article of food has ever received such emphatic commendation for purity, strength and wholesomeness, from the most eminent authorities, as Royal Baking Powder.

Because Royal Baking Powder adds only healthful qualities to the food is one of the reasons why it is always preferred by teachers of cookery and the medical profession.

**Mr. D. M. Jenkins.**  
Miss Margaret Jenkins, forewoman of the Midland Shoe company of this city, is in Columbus attending the funeral of her father, Mr. D. M. Jenkins, who died on Saturday afternoon at the home of his daughter, Mrs. F. C. Kurtz.

Mr. Jenkins was well known and highly respected, having served as night watchman for 32 years at the private residence district on East Broad street and Grant avenue in Columbus.

He was a faithful and devout member of the Welsh Congregational church for 25 years, where the funeral services will be held this afternoon. Being conscious of his arrangements and was fully prepared to go. The passing away of this beautiful Christian character proves that it pays to live a Christian life.

**Mrs. Emma Dixon.**  
Mrs. Emma Dixon, widow of A. W. Dixon, died on Monday night at 5:30 o'clock at the City Hospital. Mrs. Dixon had been in failing health for a number of years, and underwent an operation at the hospital a week ago.

The deceased was born October 2, 1865, and was aged 50 years. Her home was near Homer, where she resided until thirteen years ago when she moved to Newark. She was preceded in death by her husband, who died a year ago last May. Surviving her are one daughter, Gwendolyn, her mother, Mrs. Eliza Bash of Homer, two sisters, Mrs. Dora Keeley of Central avenue, this city, Mrs. Mary Hall of Homer and two brothers, S. D. Bash and C. W. Bash of Homer.

Mrs. Dixon was a member of the First Congregational church. The funeral services will be held on Wednesday afternoon at 1 o'clock at the home, 514 Kilmer avenue, and will be private, but friends are invited to call at the home before the funeral. The services will be conducted by Rev. W. D. Ward, pastor of the Central Church of Christ, and burial will take place at the Patterson cemetery near Homer.

**Ebenezer Williams.**  
Ebenezer Williams, son of the late Evan and Mary Williams, died at his late home, 674 East Main street, Tuesday morning, November 30th at 5:00 o'clock after an illness of over a year with Bright's disease.

The deceased was born at 115 South Fifth street in this city, January 12, 1869, and has spent all his life in this city. He was married to Lettie Henderson, daughter of Thompson Henderson of this city, January 19, 1907.

He leaves to mourn besides his wife, two sisters and one brother, John Williams, Mrs. Maude House and Mrs. Laura M. Richards. His parents and one sister and a brother having preceded him to the other world.

Funeral services will be held Thursday afternoon at 1:30 at the home, Rev. Cox officiating. Interment at Cedar Hill cemetery.

## Theatres

**Hartman Theatre.**  
The mere announcement that Maude Adams is to appear at the Hartman theatre, Columbus, is enough to guarantee packed houses at each and every one of her performances. Thus it will be good news to Hartman patrons to learn that this most beloved of all American actresses will appear at the Hartman on Friday and Saturday, December 3 and 4, in two of her most popular productions, "The Little Minister" and "What Every Woman Knows."

Miss Adams as Lady Babbie, in the former play, can never be forgotten by any one who had the pleasure of seeing this characterization. In the latter play, Miss Adams appears as the loving wife of a dour Scotchman, with bewitching artistry.

Miss Adams will be without any doubt whatever, the most important and popular theatrical attraction of the entire season at Columbus. Mail orders for seats for Miss Adams performances will be received at the Hartman box office, and filled promptly in order of their receipt.

Tonight and tomorrow's bill at the Hartman is "It Pays to Advertise," the great Cohen & Harris success that has been drawing big crowds in New York for 52 weeks.

Beginning next Sunday and continuing all week at the Hartman with daily matinees will be seen the famous German war pictures.

No one who sees these pictures can fail to realize that war is indeed what General Sherman termed it. And no one who is interested in the world's greatest war, should fail to take advantage of the opportunity to see the German War Pictures at the Hartman.

**Alhambra Wednesday and Thursday.**  
In the woman character opposite to Walker Whitehead in "The Melting Pot," the photo-drama put out by the Cort Film Corporation, and which is causing so much discussion in the cities of the East where it has been shown, is Valentine Grant, a former Chicago girl known to the musical colony of some years ago because of her work in concert in and about the city. Since that time, Miss Grant has become a star in the "movies" and is known as the international cinema star, so great has been her success in pictures which were made abroad and shown in England.

### SOUTH MADISON

The church social held at Madison chapel was well patronized.

The regular preaching service will be at half past two o'clock, standard time, Sunday, Dec. 5, by the pastor, Rev. Harper.

Mr. and Mrs. C. V. Jeffries entertained for Thanksgiving Day Mr. and Mrs. Gideon Smith and three sons of Newark and Mr. and Mrs. L. M. Haslette of Franklin.

Mr. John McDowell and daughter, Miss Effie, enjoyed roast duck at the home of their son and brother, Mr. Jesse McDowell of Central Madison.

Mr. and Mrs. D. A. Dwiggins spent Thanksgiving with relatives in Frazeysburg.

Mr. C. F. Lillard spent Thanksgiving with his son.

Mr. Ross Tetty and family were the guests Thursday of Mr. William Lillard and family.

Miss Elizabeth Roberts, we are glad to learn, is improving.

Grandmother Parris is quite poorly. Mrs. Two Snider who has been quite ill is again able to be out.

Mr. and Mrs. J. E. Wintermute entertained the following guests Sunday: Mr. and Mrs. D. A. Dwiggins, Mr. and Mrs. Carl Richie and sons Darman and Arlo and daughter Mary Emma.

Mr. Claud McDowell was the guest of his parents Sunday.

Nell—"She wears her heart on her sleeve." Belle—"Oh, that's nothing. I understand that when she goes to bed she throws her hair over the back of a chair, and places her teeth on the bureau."

Miss Ellen Bostwick, who has been visiting friends at Wilmington, O., has returned home.

### THE SICK

Mrs. D. P. Burch continues to be seriously ill at her home in Hebron. The condition of Mr. C. W. Barick of 614 Evans street is slightly improved today.

Mrs. P. H. Frye, who has been a patient at the City Hospital was removed in the Bazler ambulance to her home Monday.

The young son of E. B. Pratt, operated upon at the City Hospital was removed in the Bazler ambulance Sunday to the home of the parents, 341 Woods avenue.

Mrs. Lynn of Allstone avenue, was taken ill on the street Saturday night and was removed to her home in the Bazler ambulance.

Caleb Bristor of Twelfth street, is recovering after an eight weeks' illness of typhoid fever. He was removed from the City Hospital in the Bazler ambulance to his home yesterday.

William Kane, cabinet maker for the J. Gleichauf company has been quite ill for the past week at his home in Spencer street.

Guy Watkins, Jr., the little son of Mr. and Mrs. Guy Watkins of Ruggs avenue, is ill with pneumonia.

### Your Boys and Girls

It is very important to keep the baby's legs and feet warm. Stockings and diaper should meet, leaving no part of the leg exposed. In cold weather and when it grows cold towards night it is well for him to wear a pair of merino stockings. These need not be all wool, indeed if of a mixture of cotton they are much better as they will not shrink.

For an older baby who is on the floor a great deal, stockings and soft soled shoes are necessary for comfort, except, of course, in the heat of summer. All the shoes, from the very first, should be chosen to fit the natural shape of the foot, with broad toes and straight soles. Socks may be worn in summer, but in the cooler months the baby's legs should be entirely covered.

In 25 states in the United States, mothers' pension laws have been enacted, and \$10,000,000 will be paid out this year for that purpose.

Extensive work has been begun to prove definitely whether petroleum can be found in South America.

## IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "Drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded. When you stop "Drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and ask it today.

### OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

Health and Happiness Depend Upon Your Liver.

That sluggish liver with its sluggish flow of bile is what makes the world look so dark at times. Dr. King's New Life Pills go straight to the root of the difficulty by waking up the action of the liver and increasing the bile. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "muddy days" like a breeze.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

### FIRST RADIUM DISPENSARY IN NEW YORK CITY

(ASSOCIATED PRESS TELEGRAM)  
New York, Nov. 30.—The first radium dispensary in this city will be established tomorrow when the New York Radium Sanitarium opens for the treatment of cancer and other diseases. The institution is backed by local philanthropists. Its object is not only to fight malignant diseases, but to carry on research work with the X-ray and in surgery as well as in the use of radium. Three hundred milligrams of radium in 23 applicators valued at

\$36,000 have been obtained and contracts have been signed for \$130,000 worth of radium in addition.

### KRAMER SAYS HE WILL RUN FOR CONGRESS

Columbus, Nov. 30.—John F. Kramer of Mansfield will run for congress in the Seventeenth district next year on a dry platform, he announced here. He will contest with the present Congressman, William A. Ashbrook, for the Democratic nomination. Kramer was a member of the Constitutional Convention. In two Legislatures since he was one of the strongest members and was a leader in both. He is a conservative, but says he is a "Progressive with the brakes on." The six counties in his district all voted dry this fall, and the dry majority in the district being 6,000. Kramer has long been one of the dry leaders of Richland county.

### STATEMENTS THAT MUST BE TAKEN AS TRUE

PEOPLE OF CHARACTER AND  
STANDING PRAISE THE MAS-  
TER MEDICINE, TANLAC

Say Tanlac Benefited Them in Cases  
of Catarrh, Stomach Trouble  
Etc.

When people of the character and standing of those who have testified as to the value of Tanlac it is bound to be accepted as a fact that it is beneficial in those diseases for which Tanlac is recommended—such as stomach, liver and bladder trouble, catarrh, rheumatism, sleeplessness, general debility and a rundown no-account sort of feeling. Mrs. Walter McKelvey, 213 Lee street, Zanesville, says: "It helped me in my stomach trouble and I eat heartily, whereas previous to taking Tanlac my appetite was poor. Charles Robinson, 1656 Linden avenue, a great stomach sufferer says: "It helped me wonderfully and since taking a little less than two bottles I feel so much improved that I want everybody to know it." Mrs. Maggie Leonard, who resides on the Marietta road says: "Tanlac gave me great relief in a severe case of catarrh of the head and nose—I feel very much improved and owe it all to Tanlac." We have many such testimonials, but these effectually cover the case. Tanlac, the Master Medicine—the Premier Preparation—the Peerless Prescription—is purely vegetable, pleasant to the taste and contains no stomach upsetting minerals. Tanlac is on sale at Hall's drug store, Newark. Try a bottle of Tanlac and if you are not benefited after taking it according to directions see the Tanlac man ad he will refund your money.—Adv.

### DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet  
and fresh inside, and  
are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache, or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation, or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

### HUNTER KICKED FROM CANOE BY GUN; DROWNED

Duluth, Minn., Nov. 30.—Hunters returning here from the woods declare the present big game season in Northern Minnesota, is an extraordinary good one and more moose and deer have been shot this fall than in many years previous. The woods are quiet and the weather in the last few days has been good.

Approximately 9,000 hunters from various parts of the country took to the woods this month in St. Louis county, Minn., alone. Hunting fatalities have been few compared with previous seasons. Several boys met death through carelessness. A farmer was shot by a hunter who thought him a deer. Two hunters fell off logs and were killed by their own guns in the fall. Another hunter was kicked out of a canoe by his shotgun and drowned.

### ESCAPED IN WAR; HAND SHOT OFF WHILE HUNTING

Butler, Nov. 30.—After he had served in the Spanish-American war in Cuba, and three years among the Filipinos, escaping without a scratch, it remained for an old-style shotgun to tear away the right hand of Frank Reed, aged 40, while hunting yesterday. He attempted to drag the gun through a fence by the muzzle.

### DEPARTMENT STORE DESTROYED BY FIRE

Toledo, O., Nov. 30.—Fire which damaged Joseph Nast's department store here late last night to the extent of \$70,000 for a time threatened adjoining business houses in the heart of the business district. Several smaller stores suffered losses of several thousand dollars. Nast's store had just been supplied with Christmas stock and the owner was in New York making further holiday purchases. Much excitement was caused in nearby hotels when the flames broke out. Thousands watched the fire from the rooftops. The fire broke out at the store at 11:30 p.m. and spread rapidly.

## PRESIDENT WILL PROPOSE TOAST TO EXPOSITION

(Associated Press Telegram) San Francisco, Nov. 30.—An "international sentiment," a toast composed by President Wilson to the Panama-Pacific exposition, will be made public throughout the world tomorrow, three days before closing day, according to announcement today by Charles C. Moore, president of the exposition.

The toast will be proposed as a toast at a dinner December 4, at the exposition, at one of the central features of the closing exercises. Attendance at the exposition today passed the 18,000,000 mark the goal set early in the exposition period by the officials.

DR. GREIL TO LECTURE. (Associated Press Telegram) Rome, Nov. 29.—Dr. Cecile L. Greil, of New York, one of the survivors of the steamer Ancona, is arranging to deliver in the principal Italian towns a series of lectures on her dramatic experiences for the benefit of the Italian Red Cross.

Notes and Comments. There was a large number of visitors in the schools of the city during the month. The total number of visits reported by all schools is 2365. Of this number 1411 visits were made by parents. Thanksgiving exercises is responsible to a large extent for these visitors. While teachers and children are glad to have visitors upon these special occasions, they would be equally glad to have them when the regular work of the school is going on. There were many teachers from Columbus, Dresden, Belleville and other neighboring schools visited the Newark schools.

DEAR CHILDREN:---

WONDERING WHAT I'VE BEEN DOING?  
ALL READY NOW—GOING TO START IN A  
FEW MINUTES. MY! BUT THESE REINDEERS  
ARE JUST ITCHING TO GET STARTED I CAN  
HARDLY HOLD THEM BACK.

"GEORGE, OLD BOY," I SAID TONIGHT  
TO MY BIGGEST REINDEER. "THOSE LITTLE  
FOLKS DOWN NEWARK WAY ARE WAITING  
FOR US." AND WHAT DO YOU THINK  
GEORGE DID? WHY, BLESS HIS SOUL HE  
JUST SNORTED, MADE A FUNNY NOISE,  
PRICKED UP HIS EARS, JUST AS THOUGH TO  
SAY, "LET'S BE OFF."

SO WE'RE COMING REAL SOON TO THE  
STEWART BROS. & ALWARD CO'S.

## LEADERS

SAY RAILROAD LEGISLATION  
WILL NOT BE PASSED THIS  
COMING SESSION.

Movement to Turn Entire Question  
Over to Joint Congressional  
Committee.

(Associated Press Telegram) Washington, Nov. 30.—Legislation affecting railroads and the interstate commerce commission, in the opinion of administration leaders in close touch with the subject probably will not be pressed at this session of congress.

There is pending in the senate committee on interstate commerce the bill considered at length last session to give the commission jurisdiction over the issuance of railroad securities. There also is a movement which has attained considerable impetus to enlarge the membership of the commission. Both subjects undoubtedly will be given attention early in the coming session, but it is doubtful if either will be pressed for action for another year.

There is a movement among leading Democrats in congress to turn the whole question of railroad securities and the enlargement of the interstate commerce commission over to a joint congressional committee for thorough investigation and report.

## 25 Years Ago

(Newark Daily Advocate, Sunday.) Harry Toothaker, who for the past year and a half has been connected with the "Why" clothing house of I. A. Samuels, will leave Monday for Johnston.

Mr. and Mrs. Fred Seymour of Wheeling, W. Va., are visiting with the family of B. G. Smythe on Fourth street.

Mr. B. J. Kellenberger, formerly clerk in the office of Superintendent of Motive Power, B. & O. R. R., at this point, has been transferred to Garrett, Ind.

## 15 YEARS AGO TODAY.

(Newark Advocate, Nov. 30, 1900.) Mr. Thaddeus Montgomery of Co-shocton, accompanied by a committee from the Board of Trade of that city, left for Mt. Vernon this morning, and will offer inducements to the Mt. Vernon Bridge company to locate in that city. What's the matter with the Board of Trade of Newark looking into the matter?

As has been their custom for years, the Messrs. James Brown & Sons, the popular grocers, this year donated a feast for the little ones at the Children's Home. This time it was a fine turkey, weighing thirty-one and one-half pounds.

Dr. J. C. Hartzler is lecturing this week before a Pennsylvania Institute.

The World War a Year Ago Today—Nov. 30. The capture of 50,000 Austro-Hungarian troops during November was claimed by Russia. Germany claimed the repulse of Russian attack at Dinkelmen, East Prussia. On the Vistula, in Poland, the Germans repulsed Russian attacks, capturing 4,500 men and eighteen cannons. Along the Xser canal, in Belgium, the Germans kept up a spirited artillery fire. Stubborn fighting was reported by both Germany and Russia in the region of Lodz and Lowicz, Poland.

## ELECTRICITY CORNERSTONE OF PROSPERITY

No Form of Labor That Electricity  
Will Not Reduce or Eliminate—  
Pres. Doherty's Statement.

Electrical Prosperity Week is intended to be a huge alarm clock to awaken the people of the country to the benefits of electricity. Electricity has been much for human happiness and can do more and still more. It is the cornerstone of modern comfort and prosperity. There is no form of human labor that electricity will not reduce or eliminate. Electricity, the noiseless, tireless, dirtless, agent has reduced many a grinding form of human toil to no greater effort than to push a button. Whenever you see a man, woman, or child doing any form of human labor remember that electricity will either eliminate or reduce that work. If you don't know how to apply electricity to eliminate this work, put the problem up to the first electrician you meet.

It took many decades to make the women of the country appreciate the benefits of the sewing machine. The human race has in some instance lost generations of time in the adoption of improvements which contributed to comfort and happiness. Every tick of the clock means a lost opportunity for many who are slow to appreciate what electricity can do for them. The man who plows with a crooked stick in some far away country is relatively no more backward than a great mass of the people who live where the benefits of electricity knock daily on their door but the knock goes unheeded. The slogan of the Joylans is altogether, all the time, for everything electrical—Henry I. Doherty, President Society of Electrical Development.

A PLAN TO MERGE  
SUFFRAGISTS INTO  
ONE ASSOCIATION.

(Associated Press Telegram) New York, Nov. 30.—A merger of the various state and local woman suffrage association is the purpose of a convention of several hundred delegates meeting here today under call issued by the New York state suffrage association. It is proposed to include in the new organization not only the New York state suffrage association, but the woman suffrage party and the five organizations previously combined in the empire campaign committee.

## CONTAGIOUS

DISEASE CARRIED BY A CERTAIN MAKE OF AUTOMOBILE TIRES

Says Letter Received by Many Persons in United States and Canada.

(Associated Press Telegram) Detroit, Mich., Nov. 30.—Several hundred persons living in all parts of the United States and Canada have received a uniform typewritten letter dated Detroit, November 17, and signed "J. Burgess, M. D." intimating that if there are contagious diseases in their respective localities the same possibility could be traced to a certain make of automobile tire. The factory in which these tires are made, the letter says, is located near a pesthouse in an eastern city. "Being a brother stockholder, I thought you should know of this," the letter concludes.

Coroner J. E. Burgess, of Detroit, has received more than 300 replies to this letter and more are coming in every mail delivery. Everyone of them denounces him as a "meddler," a "lunatic," or worse.

The coroner declares he did not write the warning letter, never heard of the company mentioned in it, and ridicules the idea that an automobile tire could spread disease. He has asked the postoffice authorities to find the author.

REPUBLICANS TO  
DEMAND BETTER  
REPRESENTATION

(Associated Press Telegram) Chicago, Nov. 30.—Republicans from several states met here today for the purpose of formally organizing the "National Republican Union." The purpose of the organization, according to Chairman Horace C. Stillwell of Anderson, Ind., is to obtain equalized delegate representation in the Republican national convention. It is proposed to submit a new system for consideration at the 1916 convention, but it is not hoped to make it effective until four years thereafter. The plan of Mr. Stillwell and his associates is to determine the number of delegates in each state on the basis of one to each 8000 Republican votes. This system, it was said, would greatly reduce the representation from the Southern states.

## The Standard Remedy In Countless Homes

Relieves Constipation Easily Without Gripping or Discomfort.

Indigestion and constipation are two conditions that are closely related and the cause of much physical suffering.

The tendency to induce one's appetite is more or less general and most people suffer at one time or another from rebellion of the overtaxed organs of digestion and elimination. A pleasantly effective remedy, that will quickly relieve the congestion of poisonous stomach waste and restore regularity, is the compound of simple laxative herbs sold in drug stores for fifty cents a bottle under the name of Dr. Caldwell's Syrup Pepsin. This is a mild, pleasant laxative tonic, free from opiates or narcotic drugs, and has been the standard household remedy in thousands of homes for many years.

Mrs. Oliver Young, Merrill, Wis., writing to Dr. Caldwell, says, "I know of nothing so effective for regulating the stomach and bowels: since taking Dr. Caldwell's Syrup Pepsin she feels ten years younger."

Many a man seems to labor under the delusion that everybody's business is his business.

MRS. OLIVER YOUNG.

her work seems easier and she has regained her appetite.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it in the house. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

Lots of people run up bills in the hope that they won't be run down by the collector.

## MONUMENTS

Vermont is ice and snow bound. In the quarries, the powerful machinery necessary to work them, will be idle until spring. But in the many manufacturing plants lying at the foot of this granite mountain, preparations have already been made.

Large quantities of rough granite, brought from the quarries, this fall, are there ready for the tool and polishing mill. Yet during the winter months there is always a scarcity of working orders, right when work receives the greatest care and is offered at the lowest price. Why not take advantage of this situation?

A monument built to your order requires time. If you plan to have a monument on your lot by next spring or summer, give it your consideration NOW. It isn't paid for until completed on your lot, but placing the order now means better work at much lower cost.

Original designs or photographs of memorials already erected may be inspected here or at your home.

## ANDERSON LICKED BY BEECHER AND ROASTED BY PRESS

Columbus, O., Nov. 30.—Willie Beecher of New York trimmed Jimmy Anderson of Chicago, every inch of the way in their 12-round bout before the Tuxedo club last night. At no time after the sounding of the first gong was the result in doubt and about the only thing that Anderson had to do with the bout was to take a terrible lacing without taking the count.

Anderson was beyond any doubt the slowest lightweight who has ever appeared in a Columbus ring and displayed a thing that would stamp him as a boxer of any prominence. In the semi-windup Abe Kabakoff of Memphis beat Young Goldman of Cincinnati in eight rounds.

In the opening number Eddie Erb had a shade the better of the going over Bobby Trot. It was a slam-bang affair.

Walter Hughes served as the third man in the ring. The bout drew a good house and the Tuxedo made good every promise to the fans.

## GIRLS-DO YOU KNOW WHY YOUR HAIR IS UGLY?

It is astonishing how much good looking hair does toward producing a youthful appearance and still more astonishing to realize how much the attractiveness of the hair is affected by the care we give it.

Loving care and frequent attention are as necessary to keep a woman's hair beautiful and luxuriant as is the tooth brush to keep teeth from decay.

Every woman who values the beauty of her hair as she ought to do should make it a never broken habit to frequently apply a little Parisian Sage, rubbing it briskly into her scalp with the finger tips.

Parisian Sage is Nature's modern handmaid to beautiful feminine hair. It is a simple, harmless compound of wholesome, nutritious ingredients that make an ideal lotion for nourishing both hair and scalp. It feeds and builds up the delicate hair and scalp structures making the hair soft, lustrous, brilliant and easy to dress and arrange. W. A. Erman and many other of our best druggists sell Parisian Sage and gladly recommend its use. Nov. 23-25-30.

## TO ATTEND STATE MEET OF DENTISTS

The members of the W. D. Miller Dental Society of Licking and Knox counties will attend the fifth annual meeting of the Ohio State Dental Society at Columbus next Tuesday, Wednesday, Thursday and Friday. At that time a memorial to the late Dr. W. D. Miller, formerly of this county, will be unveiled on the campus of the Ohio State University. Dr. Miller was a famed scientist and valued aid to the dental profession was rendered by his original research. He was also private dentist to Emperor William and the royal family. Dr. Miller's death occurred several years ago and his body was taken back to his old home at Alexandria for interment. It had been the intention of Emperor William to send a personal representative to this country to place a memorial wreath on the doctor's grave on the anniversary of his death, but the breaking out of the European war interfered with this plan.

At the memorial exercises on the campus Wednesday afternoon at 2 o'clock Edward C. Kirk of Philadelphia will deliver the Miller memorial address and will be followed with supplemental remarks by Truman W. Brophy of Chicago, Neville S. Hoff of Ann Arbor, Mich., Thos. P. Himmann, president of the National Dental Association of Atlanta, Ga., and George W. Knight of the Ohio State University.

The sessions of the dentists will take place in Memorial Hall and the new Elks Home. Excellent programs have been arranged for each day, which include lectures, discussions, descriptive clinics, pulmotor demonstrations and will conclude with a banquet at 6:30 o'clock Thursday evening.

Over one thousand dentists from over the state are expected to be present. Headquarters will be at the Southern Hotel and lunches will be served at the Memorial Hall.

## How Famous Actresses Banish Superfluous Hair

Betty Lorraine, the popular actress who won fame in "The Little Parisienne" and other comedies writes: "Theatrical women are now using a remarkable prescription that acts like magic in curing all trace of unsightly hair growth. It is Mrs. Osgood's Wonder. Unlike the electric needle, it can be used with perfect safety. Unlike evil-smelling depilatories, it doesn't burn the skin. I used it first over a year ago and have not had a trace of superfluous hair since. Mrs. Osgood's Wonder is quite inexpensive and is sold by T. J. Evans and other up-to-date drug stores. Signed Money-Back Guarantee in every package."

## TRINITY MISSION GROWS IN POWER AND INFLUENCE

The mission at Trinity church continues to grow in influence and power.

The Rev. Mr. Sterret, the minister has impressed himself on the congregation and will exercise great influence for good.

Last night he addressed a good audience on the ground subject of the importance of spiritual possession and accomplishments as compared with those which are purely material.

Mr. Sterret is not an evangelist but is the Rector of one of the largest churches in Columbus and is a thoroughly educated man and clergyman.

All who desire to confer with Mr. Sterret may do so either at the Sherwood Hotel or after any of the meetings at the church.

All are invited to attend the evening meetings which are every night at 7:30.

Strictly Modern.  
She—Do you mind if I smoke?  
He—Oh, please do! I like the smell of it. All my sisters smoke.—Puck.

THAT LANDING OF ALLIED  
TROOPS IN GREEK TERRI-  
TORY AN IMPOSITION.

Inspired German Statement Says the  
Entente's Position Is That  
"Might Makes Right."

(ASSOCIATED PRESS TELEGRAM)

Berlin, Nov. 30.—(By wireless to Sayville).—The position taken by the entente allies as reflected in the semi-official statement issued in Paris to the effect that the landing of troops at Saloniki was not a violation of Greek territory is contradicted by the Overseas News Agency.

"Reports from various sources concerning French and British threats against Greece, fall to clear up the situation," the agency says. "However, the general tone of the news from French and British sources indicates clearly that Greece has been asked to renounce her sovereignty."

"Attempts to justify this course are all in vain. M. Venizelos, the former premier, had not the right under the constitution to sanction the landing of troops at Saloniki."

"The Greek constitution states in clause 89, that the parliament is the only body which possesses the right to decide such questions. Therefore, King Constantine is merely defending the integrity of the constitution which shows that reproaches directed against him have no just basis."

"The French and British attempts to compel a small neutral nation to consent to the measures taken prove that the entente thinks 'might is right.'"

## VASSAR PRESIDENT DOES NOT APPROVE OF FORD'S PLAN

(ASSOCIATED PRESS TELEGRAM)

Poughkeepsie, N. Y., Nov. 30.—President MacCracken of Vassar College declined today to appoint official representatives of Vassar to take part in the European peace journey planned by Henry Ford. In declining the invitation, Dr. MacCracken said "we have no right to use corporate life for this propaganda. We cannot afford to neglect academic work."

Two members of the senior class at Vassar received personal invitations to join the party.

## RELIEVES THE WORST CASES OF CATARRH

Think "Hymel" the Most Wonderful  
Treatment for Catarrh Ever  
Discovered.

Do not try to cure catarrh by using sprays or lotions; it cannot be cured in that manner. The only way in which this too common disease can be fully relieved is through a direct application to the affected parts that will kill the bacilli of catarrh and prevent their growth.

Breathing the air of Hymel is the only known method of treatment that can really accomplish this. It is the simplest, most pleasant and probably the most reliable treatment for catarrh that has ever been discovered.

Numerous unsolicited testimonials have been received from prominent men and women who have been helped by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have given strong testimony as to the powers of Hymel.

The complete Hymel outfit is inexpensive and consists of an inhaler, dropper and sufficient Hymel to last several weeks. This will effect instant relief in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use may be necessary and then an extra bottle of Hymel can be obtained for a trifling sum. It is not alone the best (it might be called the only) method of treating catarrh, but it is also the most economical.

T. J. Evans has so much confidence in the power of Hymel to relieve catarrh, that he will for a limited time, sell this medicine under his personal guarantee to refund the money if the purchaser can say that it did not benefit.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally; it acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Every Home Needs a Faithful Cough and Cold Remedy.

When seasons change and colds appear—when you first detect a cold after sitting next to one who has sneezed, then it is that a tried and tested remedy should be faithfully used. "I never wrote a testimonial before, but I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried them all." 50c. and \$1.00.

## The Quality Goes IN Before the Name Goes ON

Seeing, hearing and playing the Crown Piano before you buy. The tone of the

## Insist On Crown Piano

is peculiarly sympathetic—sweet, powerful, satisfying. The evenness of tone voicing, together with the perfect balance of scale, produces an exceptionally pleasing blending of the notes in a chord.

In addition to their splendid tone, Crown Pianos are noted for their cleanness of touch and responsiveness of action. Every mood and fancy of the pianist, no matter how finely shaded, is instantly transmitted to the strings and accurately reproduced. This means much to those who really appreciate good music.

There are many styles from which to choose—plain or fancy designs—all finely proportioned and elegantly finished. The lights and shadows reflected in their mirror-like surfaces emphasize the rich markings found in the beautiful woods. African Mahogany, several kinds of Oak, American and Circassian Walnut—all are represented.

For tone, touch, beauty and durability, Crown Pianos are unequalled.

**Drunk and Disorderly.**  
 But one arrest was made during the night, a farmer being charged with being drunk and assaulting a friend. He pleaded guilty to both charges and was fined \$5 and costs on each, paying the court \$18.

**Paving Work Delayed.**  
 Rich but a small patch of paving to be put down, the cold and stormy weather has stopped the work on the Sixth street contract. A day's work would complete the paving as far as laying the material is concerned. The wearing surface has been applied to the stretch between Granville and Locust but not between Locust and Church and Church and Main.

**Salem Ladies Aid.**  
 The Salem Ladies Aid Society will meet Thursday afternoon at 2 o'clock at the home of Mrs. Michael Haag 395 South Second street.

**County Teachers Association.**  
 There will be a meeting of the Licking County Teachers' Association Saturday, December 4, at 10:15 a. m. at the Y. M. C. A. Assembly Hall. Among those on the program are Professor Freeman of Ohio Northern University, I. D. Supt. Byron Zwyer, Prin. B. S. Homes of Newark Twp., Miss Martha Turner of Utica and Supt. J. S. Edwards of Johnstown. All county teachers are expected to be present. Come out and make this the best meeting of the year.

**Waiting For Snow.**  
 Had an inch or two more of snow fallen last night the rabbit hunting would have been excellent today for they could have been easily tracked. When the big flakes first began falling last evening scores of old hunters began getting out their fire-arms but were forced to lay them away for a while as hardly enough of the beautiful fell to cover the ground. The weather man states that we are to have snow either tonight or tomorrow so there is still hope for the nimrods.

**Monster Rabbit.**  
 A monster rabbit which is said to have been killed by Dr. W. E. Wyllach is on display in the window of the Bazler undertaking establishment in West Church street. It has been embalmed and will be preserved as an example of Dr. Wyllach's ability as a hunter.

**Donated Flowers.**  
 The tables at the Y. W. C. A. dinner on Monday at the association dining room were prettily arranged with baskets filled with beautiful flowers donated by Kent Brothers, florists.

**A SMOOTH, WHITE SKIN THAT DEFIES WEATHER.**  
 During the coming months of biting winds and intense cold, you who would keep your skins smooth, white and velvet, should turn your attention to mercolized wax. Nothing else will so effectively remove a chapped, roughened or discolored surface. By gradually absorbing the weather-beaten outside, the complexion is kept in perfect condition, and even the beauty of expression appears more pronounced. Let your skin be healthy, plump, freckled, coarse, sallow or over-red, why not shed it? One ounce of ordinary mercolized wax is to be had at any druggist's will completely transform the most unsightly complexion in less than a fortnight. Use the wax nightly, like cold cream, washing it off mornings.

If weather, age or poor health has marred your face with wrinkles, here's good news. You can quickly remove every line by using a harmless, refreshing face lotion prepared by dissolving 1 oz. powdered saxolite in 1/2 pt. witch hazel. The firmer, smoother skin, the more youthful appearance, even after one application, will astonish you.

**BALL PLAYER IS BADLY HURT IN MINE ACCIDENT**  
 (Associated Press Telegram)  
 Wilkesbarre, Pa., Nov. 30.—Andrew Konnick of this city, who played short stop for the Frankfort, Ky., Southern league baseball team last season, and who led the league in batting and short stop fielding, was so seriously injured today that he will probably be out of the game forever. He was struck by a car while at work in a mine and physicians say an injury sustained in his back will probably be permanent.

**ARMORED TRAIN WILL BE GIVEN N. Y. MILITIA**

(Associated Press Telegram)  
 Albany, N. Y., Nov. 30.—Announcement of the gift to the state of an armored train, valued at \$150,000 and an armored aeroplane, for use of the militia, was made today at Governor Whitman's budget hearing when the national guard appropriations were under consideration.

Two items of \$10,000 each for maintenance of the train and the aircraft aroused the curiosity of some of the investigators. It was then announced that the military appliances had been donated to the state, the train by a group of steel manufacturers, including Elbert H. Gary and Charles M. Schwab, and the aeroplane by aircraft manufacturers, including Rodman Wanamaker and Glenn H. Curtiss.

# Free--Wednesday A Canary Bird Whistle To Every Boy and Girl

Who visits our new toy department. We want all the boys and girls to know about our toy department, which we have just opened. On Wednesday as long as they last, we will give every little boy and girl who visits this department, a canary bird whistle as a souvenir, so come early and be sure to get one.

THE TOY DEPARTMENT is an interesting place just now for the children. Many little ones have already seen it, and they will tell you how many choice gifts can be found here. Toys for out-door play such as autos, velocipedes, tricycles, etc. For indoor play almost every imaginable toy will be found. For the little girls dolls, all kinds of furniture for playing house-keeping, musical instruments of all kinds. For the boys, mechanical trains, tool chests, guns, mechanical toys of all kinds.

## To The Parents

We suggest that you select Christmas toys now while the showing is complete. Many of the toys now on display are imported toys and it will be impossible to duplicate them.

## December First Our Big Suit Sale Opens

Every suit in the house will receive its clearance price tomorrow. Juniors, Misses and Ladies. Velvets, cloth and all suits are included in the this sale.

## Special Delineator Canvas

This week we put on a special canvas for the renewal of Delineator subscriptions, at which time they can be taken at a special price. The girls will call on you so please be ready to give them your renewal.

## BAPTISTS HOLD CONFERENCE AT 5TH ST. CHURCH

The Baptist Bible Conference opened at the Fifth Street Church last night, and in spite of the stormy weather there was a good attendance.

Rev. T. F. Chambers of Granville, secretary of the Ohio Baptist Association, gave a thoroughly instructive lecture on "The Personality of the Holy Spirit," and Dr. J. C. Massie of Dayton, spoke on "How to Promote the Revival Spirit."

The conference will continue today and tomorrow. Dr. Massie preaching another evangelistic sermon tonight.

Dr. A. T. Robertson of Louisville, Ky., speaks at 11 each morning and at 3 in the afternoon.

## Granville

(Special to the Advocate.)

Granville, Nov. 30.—Candles and greenery furnished the effective decorations for the tables at the men's supper in the Presbyterian church last evening which was served by the girls of the Christian Endeavor society in truly artistic style and promptly on the hour, 6:30 p. m. About one hundred and forty men of the church and congregation found their places at table and enjoyed the appetizing repast set before them. Having done full justice to the offering of the women of the church they were in fine mood for the feast of reason which was to follow. In a happily phrased speech the pastor, Rev. E. D. Boones, introduced the speaker of the evening, Mr. Hugh Diamond of Galion, who was an elder in the church in that city during Mr. Boones' pastorate there. The speech that followed the introduction was one of the most enjoyable ever heard in Granville, full of wit and wisdom. As a raconteur Mr. Diamond had few equals and he kept his audience interested and amused by his stories, and Scotch songs, given without accompaniment. The applause which frequently interrupted him was nothing less than tumultuous. That the men enjoyed themselves was proved by the clock which struck ten before the assembly broke up. Why not more of this social service in the churches?

The Travelers' club having left Alaska in last week's meeting, entered Canada Monday afternoon by way of Great Bear Lake. The program was opened by the reading of a poem of Robert Reid's entitled: "A Song of Canada," by Mrs. Ben Woodbury, followed by a song "The Maple Leaf Forever," by Mrs. C. D. Coons who played her own accompaniment and delighted the audience with her artistic rendition of that national air. Miss Anna Rees read a realistic description of the "Arctic Plains" which demonstrated the aptness of the day's quotation: "Oh Winter! The North is Thine." "Furs and Fur Makers" a timely topic, was given by Miss Mary McKibben in a way to arrest attention.

At the special business meeting in the Baptist church last Thursday evening the church voted to authorize the trustees to take over the title of the Central City Chapel from the Fifth Street church in Newark. A thriving school is now being carried on there on each Sunday afternoon under direction of the local missions committee by members of the Intermediate B. Y. P. U. The committee has made provisions for evening meetings this week with the following speakers: Monday and Tuesday Rev. Millard Brelsford; Wednesday Dr. C. E. Lapp; Friday Prof. Bunyan Spencer. Services at 7 o'clock. You can go on the 6:30 car and return at 8:30.

Mr. B. O. Chesshire who spent Thanksgiving at the home of his son-in-law and daughter, Mr. and Mrs. Karl Ogle in Dexter City, has returned home.

Mrs. R. S. Edwards who has been visiting her parents Mr. and Mrs. Burton Case leaves this evening for her home in Des Moines, Iowa.

Mrs. A. S. Ullman returned this morning to her home in Loudenville after a week's visit with her cousins Mr. and Mrs. W. P. Ullman in North Pearl street.

The King's Daughters met for work last evening at the home of Mrs. Frank Robinson in Granger street. The president, Miss Lily Jones led the devotional service after which the entire evening was devoted to work for the bazaar which opens Friday in their room in Linden Flats. Several donations to the room have been received among them three hot plates, two tables, the loan of a gas range and the loan of a heating stove for the winter.

## HAITIEN TREATY GIVES AMERICA PROTECTORATE

[ASSOCIATED PRESS TELEGRAM]  
Washington, Nov. 30.—The new Haitian treaty by which the United States extends a broad financial protectorate over the Island republic, now is in operation under a modus vivendi which has been signed by the American minister and the Haitian secretary of foreign affairs. This temporary arrangement will continue until the United States senate has an opportunity to consider the treaty, which already has been ratified by the Haitian government.

The treaty goes further in giving the United States control over Haiti's finances than does the convention under which the United States collects and supervises the customs receipts in the dominican republic. Under the latter arrangement the United States retains a portion of the receipts for payment of foreign creditors and the balance is turned over to the dominicans. Under the Haitian agreement, however, Haiti agrees that the agents of the United States are to raise a measure of control not only over the money to be applied to Haiti's foreign creditors but also over the funds to be used in the running of their government.

## COUNSEL

(Continued from Page 1.)  
whether it considered Captain Boy-Ed a conspirator. To this Roger B. Wood of the government's counsel replied that the government had taken no position.

"So grave is the error in admitting evidence concerning the Marina Quesada," Mr. Rand said, "that I would almost prefer to have an exception to the ruling of the court than to have the court order it stricken out. The mischief has been done; the evidence has been placed before the jury; they cannot help but consider it, even if it be stricken out."

Mr. Rand's preference was granted. Judge Howe ruled that the testimony should stand and Mr. Rand was given his exception.

H. Snowden Marshall, United States district attorney argued the case of the government.

"Two things had to be done by the defendants," he said, "to fulfill their plans. They had to get clearances to show that they were departing on lawful errands. A ship's clearance papers are her passports. They had to get passports and how did they do it? They did it by deceiving collector after collector; by obtaining living clearances; by throwing discredit on every honest American shipper; by subjecting every neutral boat on the ocean to search and to question as to her papers; they filled the south Atlantic with vessels sailing under false passports.

"Does the defense expect the court to believe that these four men on trial know nothing of these deceptions? No; They knew—and they passed no more for the American flag than they would have stopped for any other obstacle in their way."

Judge Howe announced that he was inclined to overrule the motion to dismiss the indictments. He felt sure that he would do this, he said, but asked counsel to submit grounds of contention so that he might state specifically on what grounds it was overruled.

Far from being the usual perfunctory motion which is sandwiched into nearly every trial between testimony for the prosecution and the defense, argument on today's motions was protracted, including a brief review of virtually all the testimony and was buttressed by citations from many legal authorities. In the vigorous assault against the government's case, the defense occupied the floor more than four fifths of the time, the government contending itself with a brief sketch of the testimony and the district attorney and his staff reviewed it.

The motion to dismiss denied, the defense opened the case at the beginning of the afternoon session.

## GERMANY ORDERS COPPER OF THE UNITED STATES

[ASSOCIATED PRESS TELEGRAM]  
New York, Nov. 30.—Orders for copper aggregating about 200,000,000 pounds, nearly one fifth the annual production in the United States have been placed by German representatives with copper concerns in this country, it was reported today. As copper is quoted at twenty cents a pound, the cost of the German purchases amounts to \$40,000,000.

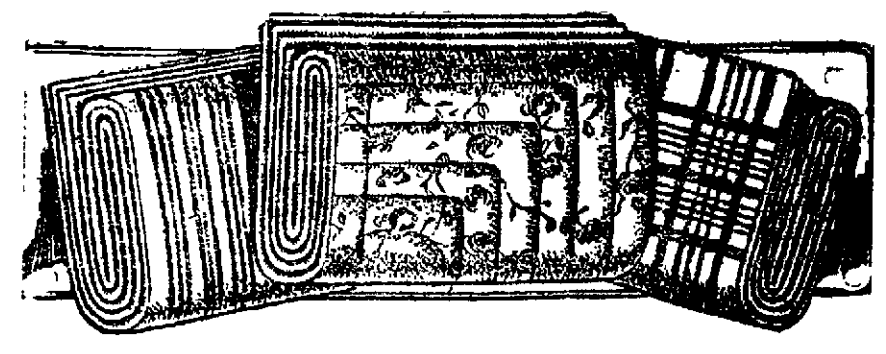

America produced 1,110,062,000 pounds of copper in 1914.

## HOW TO MAKE STRAIGHT HAIR CURLY

(Society Talk)  
To make straight hair nice and curly in one night by merely applying plain liquid almirine—that's one of the best beauty secrets that has leaked out in a long time. Some peculiar property of this harmless fluid causes the hair to dry in just the prettiest, most natural-looking curls and creases imaginable. It is valuable as a dressing also, as it puts new life and lustre into dead-looking hair.

This means that the singeing, drying curling iron can now be dispensed with forever! A few ounces of the liquid almirine, which may be found in any drugstore, will keep the hair in wave for weeks. It is neither sticky nor greasy and is really quite an agreeable thing to use. It can be applied with a clean tooth brush before retiring—and the transformation will afford a most pleasant surprise in the morning.

Belgian industries look to the United States for considerable patronage.
